Why Risk Cognizance?

For Every Your Need

6-in-1 Multi-Tenant GRC platform that supports regulatory compliance with sector-specific standards, ensuring high-level data protection, access controls, and traceable audit trails for classified information.

Reduced Complexity & Costs

Simplified compliance and risk management processes, reducing complexity and costs associated with IT governance and security.

Automated Reporting & Documentation

Ensured accuracy and timeliness with automated reporting and documentation.

Flexibility & Scalability

Multitenant architecture enables MSSPs to scale their operations effortlessly, managing multiple clients within a single, unified interface.

Versatility

Expanded service offerings, allowing to deliver GRCaaS, compliance management, attack surface monitoring, dark web surveillance, and vendor management.

Our Solutions

Combination of a centralized management portal, AI-driven automation, and comprehensive support services distinguishes us from other platforms, providing a more efficient and effective way to manage security and compliance.

Key Features

Multi-Tenant and Multiple Framework Support

Supports separate environments for each client, manages client-specific compliance requirements, supports various compliance frameworks.

Automated Compliance Checks and Continuous Monitoring

For real-time compliance status updates across industry standards, reducing manual effort and ensuring accuracy.

Integrated Dashboards and Workflow Automation

Allows to generate audit-ready reports tailored to industry frameworks and specific client needs.

Integration with Security Infrastructure

Seamless integration with existing tools such as SIEMs, vulnerability management platforms, and endpoint protection for centralized compliance and risk tracking.

White-Label Capabilities

Strengthen client relationships and enhance market presence under your own brand.

Audit Trails and Incident Reporting

Detailed logs for transparency and efficient management of compliance incidents.

Risk Scoring and Compliance Tracking

A central place to track, assess, and respond to incidents, with customizable workflows to align with each industry's risk priorities.

Our Clients Say

“

Having everything in one place makes my work so much easier!

Jeffrey Calame
Continental Stock

“

Helping our clients has become easier with pre-built, great reporting.

Bancroft Wilson, CEO
Advanced Technologies

“

We didn't know how to handle CMMC, but everything changed after we started with Risk Cognizance.

Bill Doporczyk
Methode

“

Changing our GRC tool was the best decision I even made. Risk Cognizance replaced three systems.
